

## Lawn edger - City Ranger 2260

### Standard equipment:

- Rotary cutter with two blades** The lawn edger has two blades for optimal performance. While cutting the edge the machine also cultivates the ground for a perfect result.
- Adjustable working depth** The working depth is regulated according to ground conditions, by adjusting the support wheel.
- Reversible blade** Makes it possible to cutting outwards or inwards.
- Adjustable offset** Makes it possible to adjust the distance between machine and work area.

### Technical specifications
